

COVID-19 CAMPAIGN

Your participation in **Two Ten COVID-19 Share Your Shoes product donation campaign** will help us respond to rapidly increasing industry need for emergency financial aid, and the critical need to raise enough funds to meet the demand for thousands of footwear families affected by the pandemic.

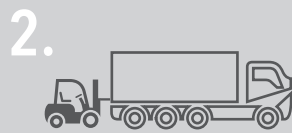

Unlike any other product donation effort, **Two Ten Share Your Shoes COVID-19 Campaign will take ALL excess inventory**, including new, worn, defective, damaged, and returned, **as well as samples and singles**, convert the product to cash, and *give the proceeds directly to footwear employees and their families who urgently need financial help right now.*

THE PROCESS IS SIMPLE.
